I. Opening Remarks

What does Middle School Choice mean?

Middle School Choice means that students can choose from a variety of schools within their district; our District is 13. Some families may live in a different district than the child's school of attendance. If that is the case, the student will have both districts listed on their application.

Overview of the Middle School Process for District 13

- The process for students who live in a different district than the school they attend.
- The process for schools that require testing/auditions.
 - *Please note that 4th grade exam scores and attendance (absences and lateness) are considered when determining admissions for middle school placement – public or private.*

Process for applying to Independent Schools and Private Schools/Organizations.

*Please refer to the attached responsibilities page for parent and school. (Back of agenda)

TIPS :

YOU MUST VISIT THE MIDDLE SCHOOL OF INTEREST. Visiting the middle school is the most important way to assess if the school is a true match for the student and family. Call the middle school directly to schedule an appointment for a tour or to sign up online on their website..

Same process for Special Education Students/ Students with related services on an IEP

Introduction of Middle School Committee members:

PS 11 is excited to announce the organization of a Middle School Committee headed by Mrs. Nathaniel and Ms. Simone LeConte. The committee is comprised of a variety of parents from all grades. The purpose of the committee is to help parents navigate through the middle school process and ease their stress. We also want to equip our lower grade parents with information and knowledge in advance. These members are available to help disseminate information and share updates that become available as it relates to middle school. We look forward to working with all of you as you embark upon a special time in your life and the life of your child.

All decisions are made in the best interest of children.
